Flexibility and compliance at your fingertips

The ultimate deployment flexibility is in the palm of your hands with the **Avigilon H6X camera** line. To help ensure you can easily meet certain privacy and/or cybersecurity requirements, the **H6X** has been designed without a built-in microphone nor wireless technology for compliance. With the **H6X box** form factor, you can choose the lens that best fits your coverage needs, from short range to long range. Enclose the camera in a weatherproof housing<sup>1</sup> to take on the outdoors with confidence and stay effortlessly aware with onboard AdaptAI video analytics.

#### AdaptAI Video Analytics

Be a step ahead of incidents with the camera's ability to flag unusual crowds or a person crawling along your perimeters. Classify more objects such as a van, pick-up truck or large truck with analytics event support.

#### Dynamic Privacy Masking

Easily meet privacy requirements with the ability to track and blur people and vehicles appearing on video, with the flexibility for authorized personnel to lift it during investigations.

#### Outdoor Protection

Deploy the H6X Box in a weatherproof housing (sold separately) that can withstand environmental elements, so you can take on the outdoors with ease.

#### Automatic IR Cut Filter

Never miss a moment in low-light conditions with the H6X Box's automatic IR cut filter for optimal imaging day and night.

#### Secure & Compliant

Trust that your data is well-protected with advanced cybersecurity features such as an onboard FIPS 140-2 level 3 compliant TPM and Secure Boot.

#### ONVIF® Conformant

Easily integrate with existing ONVIF infrastructures via Profile S and T. Search, playback and retrieve edge recordings with Profile G. Enable cross-functionality with third-party analytics using Profile M.
